

SAFe® Scrum Master Certification Course

Applying the Scrum Master role within a SAFe® enterprise

Build your skills as a high-performing team member of an Agile Release Train (ART)—and prepare to support the facilitation of ART and team events—when you become a SAFe® Scrum Master (SSM).

In this two-day course, you'll gain an understanding of the role of Scrum Master in a SAFe enterprise. Unlike traditional Scrum Master training that focuses on the fundamentals of team-level Scrum, the SAFe Scrum Master course explores the role of the Scrum Master in the context of the entire enterprise, and prepares you to successfully plan and execute the Planning Interval (PI), the primary enabler of alignment throughout all levels of a SAFe organization.

Who will benefit?

Intended for people new to the role of Scrum Master, or people wanting to better understand the role and how it fits in a SAFe enterprise, attendees typically include:

- New or existing Scrum Masters
- Team Leads
- Release Train Engineers

What you'll learn

To perform the role of a SAFe Scrum Master, attendees should be able to:

- Describe Scrum in a SAFe enterprise
- Facilitate Scrum events
- Facilitate effective Iteration execution
- Support effective Planning Interval (PI) execution
- Support relentless improvement
- Coach Agile teams for maximum business results
- Support DevOps implementation

Topics covered

- Introducing Scrum in SAFe
- Characterizing the role of the Scrum Master
- Experiencing PI planning
- Facilitating Iteration execution
- Finishing the Planning Interval (PI)
- Coaching the Agile team

Prerequisites

All are welcome to attend the course, regardless of experience. However, the following prerequisites are highly recommended for those who intend to take the SAFe® Scrum Master (SSM) 6.0 certification exam:

- Familiarity with Agile concepts and principles
- Awareness of Scrum, Kanban, and XP
- Working knowledge of software and hardware development processes

What you get

Class registration includes:

- Attendee workbook
- Preparation and eligibility to take the SAFe® Scrum Master (SSM) 6.0 certification exam
- One-year membership to SAFe Studio
- Course certificate of completion

Attendees must attend both days of the course in order to qualify for the exam.

Professional Development Units (PDUs) and Scrum Education Units (SEUs)

- Attendees may be eligible to apply for 15 PDUs toward their continuing education requirements with the Project Management Institute (PMI) for PMP, PgMP, and PMI-ACP certifications
- Attendees may be eligible to apply for SEUs under category C, toward earning or renewing their CSP through Scrum Alliance
